

Joining EventPilot for MEMS 2026 Conference

You can use the Online Planner to watch all oral sessions and view posters and abstracts from your computer, or download the conference app to your mobile device and watch from there. Refer to mobile guidelines.

Look for the “Join Here” button on the [conference website](#) to join the Conference Online Planner (EventPilot).

You will need to use the email address from which you received the registration email and your last/family name as your password (case sensitive). Your email and password will be good for two (2) devices.

Welcome to the 39th International Conference on Micro Electro Mechanical Systems (MEMS 2026)

We are truly delighted to extend a warm welcome to all of you at the 39th IEEE International Conference on Micro Electro Mechanical Systems (MEMS 2026) in the historic city of Salzburg, Austria!

Since 1987, this flagship conference has served as a unifying platform for the MEMS community, fostering the exchange of cutting-edge technological advancements and creating invaluable opportunities for learning, career development, networking, mentorship, collaboration, partnership, entrepreneurship, and marketing. Over the past decade, the MEMS field has made tremendous strides in miniaturization, alongside significant growth in technical achievement and the commercialization of increasingly intelligent products, incorporating embedded artificial intelligence (AI) and wireless connectivity driving the development of the Internet of Things (IoT) paradigm. This annual conference brings together the global MEMS community from academia and industry to present and discuss the latest breakthroughs across all areas of MEMS.

This year, the conference continues to highlight and strengthen our partnership with the MEMS and semiconductor industry, encompassing a wide range of sectors spanning design houses, foundries, packaging and testing companies, material and equipment suppliers, and developers of innovative MEMS products. We are supported by a number of industrial sponsors and exhibitors who will be showcasing the latest technological

Online Planner

The Online Planner allows you to bookmark presentations, take notes, and create your own schedule. You have the option to email these items to yourself for future reference so make sure you add ATIV Software (alerts@ativsoftware.com) to your contact list.

There are six (6) main tabs in the Online Planner.

Browse Benefactors – This is a complete list of all benefactors and exhibitors. Please visit their pages for useful information and contact them directly with questions you may have or to request additional information.

Browse Session by Day – This is where you will find the program schedule for the conference. Select the day at the top and then scroll down to see all presentations in chronological order. Select a session, and details on that session and presentations will appear. For oral and poster sessions, scroll down to see the individual presentation pages within that session. Presentations are color-coded to easily distinguish from the different types (Plenary, Oral, Poster, Activity, Social, etc.).

Build Your Schedule – This is where you can create your own schedule.

Technical Program Information – Information on understanding session and poster numbers, along with poster category listing.

Networking – To network with other conference attendees. You will find “Attendees” here. Select the person you want to message, select the message icon and compose/send message. Recipient will receive a notice. Your message history will display in Attendee Networking.

Certificate of Attendance – You will be able to download your certificate after 09:00 on Tuesday, 27 January.

Session Recordings

Session recordings will be found on the agenda page under the specific session for each day. Recordings will be available 24 hours after the session ends. You will see a Watch Session Recording button on the session page. This will open the video in VIMEO. If video does not open, make sure you turn off your pop-up blocker or accept pop-ups.

EventPilot will be available on a 24-hour basis until 24 February 2026.

please note it is visible for all
attendees to see.

Tips for Optimizing the Platform

The Online Planner is supported on the latest versions of Chrome and Safari on your computer. Make sure that your **browser is updated and current**.

The full-screen feature only functions with **Chrome** browser (not Firefox). If you are using a browser other than Chrome and wish to view full screen, please consider installing/using Chrome for the Online Planner. We know that this is not ideal for all and we are sorry for the inconvenience. Visit the [website](#) for additional information on system requirements.

If you are unable to log into the system, please clear your browsing history and restart your web browser. Check your firewall settings on your computer browser.

For those in China and anyone else having problems viewing content, please try using a [VPN](#) (Virtual Private Network) to access the platform.

EventPilot will be available on a 24-hour basis until **24 February 2026**.
